

# SKYWARN®

## Spotter Training

**Tuesday, March 20 from 6:30pm to 8:30pm  
at the Friendswood Public Library**

Skywarn is a program sponsored by the National Weather Service Office. This class trains and shows volunteers what to watch for in the skies during severe weather and to relay reports back to the local Emergency Management Office and/or the National Weather Service.

**Training covers:**

- Basics of thunderstorm development
- Fundamentals of storm structure
- Identifying potential severe weather features
- Information to report
- How to report information
- Basic severe weather safety
- More information online at [www.weather.gov/hgx/skywarn](http://www.weather.gov/hgx/skywarn)

Volunteers that have received this training will be able to provide valuable information to the NWS to improve the warning program which could save lives and prevent property damage in the community.

Hosted by the City of Friendswood Fire Marshal's Office and  
Office of Emergency Management
